BALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating solds-Splendid for system.

Ridney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to britate and inflame, causing a burning, scalding assessation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple aliments to overcome. Get about four ounces of Jad Salts from your pharmacist and

Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then

act normally again.

Lad Safts is inexpensive, harmless, and is made from the acid of grapes and lemon juice combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid tritation. Lad Safts is aplended for kidneys and causes no bad effects whatever

aplendid for kinneys
bad effects whatever.

Here you have a pleasant efferyesccent lithias water drink, which quickly
relieves bladder trouble.

MUSTN'T KHLL OR CAPTURE PLESIOSAURIAN MONSTER

Busnos Aires, March 12 (By the A. P.) - Potential against the killing or conture of the plesiosairian monaster which as reported to have been seen in an Andern lake in Paragonia has been an anterior by the "Sociedad Protectora De Los Animais" which corresponds to the American Society for the Prevention of Cruelty to Affina's

The society urges that if such an ante-dissuman creature exists to be allowed in roam its matice ineath unmoissted in-to roam its matice itself unmoissted in-most interesting talk on Sea Scouting.

te roam its antice lieath unmoiested. Invoking law No. 2756, dealing with dranty to animals, the society demands that
the expedicion which proxiess to bring
back the animal, neive or dead, to the
linenes Airea son be projected.

The protest is voiced in a letter by
the Albarracia, head of the society, who
sails on the mineary to instruct the govsernor Chibbut, a territory in the southterring part of Aireautina occurring part of he isbleiand of Patagonia, to investigate to the isbleiand of Patagonia, to investigate the truth of the report, and it that is established. "to do what is necessary in withilment of said law to prevent the hunting or capture of it in any form leaving it in passe by reason of its being valuable specimen which ought to en-

in climate and adds: "If scientists want to study the creature, let them do it in a humane way in its habitat while it is

enjoying (all werty."

Meanwhile, Professor Onelli, who first
announced the existence of the animal
says the expedition will start at the end the week provided additional funds

East Hertferd.—Hartford lodge, oN. 135, B. R. C. of A., at a meeting here at week, made plans for financially ** who have been unable to secure work since. A few applications were made for armittance at the meeting. There is no addication after the men will be returned.

OPPOSITION IN BETHEL TO THE PROPOSED QUARANTIME

Bethel, Conn., March 12.-Opposition being, Conn., March 12.—Opposition to the proposed quarantine of this town by the state health department was voiced at an open air meeting of citiens here this afternoon. Several speakers questioned the diagnosis of the state health department physicians in the cases of local residents alleged to have smallpox. At the conclusion of the state that the gathering a committee announced that it would call in three prominent physicians from other parts of the state or outside of the state for the purpose of examining persons here who are said

to be suffering from smallpox.

An effort was made to hold the gath-

approval of vaccination also was the keynote of several speeches. Some of the speakers declared that out of the 10 cases of smallpox reported by the state health physician, 16 have recovered. Doube was epreased that any of the remaining 10 have smallpox. Local physicians estimate that 50 per cent. of the residents of the town. clans estimate that 50 per cent. of the residents of the town have been vaccin fore the boat docked and greetings were residents of the town have been vaccexchanged. Afterwards both the chief ated since the state health department took charge
